

Canning Label Instructions.

First sew out the design of your choice.

1. Cut your fabric to a 7" circle, making sure the design is in the center.
2. Untwist the lid of your jar, lay the fabric down and twist the lid back in place.

*You may need to pull the fabric down as you twist, to prevent puckering.

*You may also leave the lid in place and drape the fabric over the top. Hold the fabric in place with a ribbon
