Plush Pillows Instructions

1. Use a quarter inch seam allowance for this project.
2. Measure your width and length of your pillow.
3. Add a half inch to length for seam allowance.
4. Add four and a half inches to width for the button area and seam allowance.
5. For the edge borders you will need five inches by the length of the front and back pieces of fabric.
6. Mark center of front piece.
7. Embroider design.
8. Remove from hoop.
9. Trim backing close to design.
10. Stitch top seam of the front and back pieces of fabric with front of fabric together.
11. Cut the borders two and a half inches by length of the fabric you stitched together. Press the border fabric in half with back of the fabric together.
12. Stitch the border fabric to the sides of the piece you embroidered. (Serge or stitch then zig zag the edge to help minimize fraying.)
13. Press seam to the inside of the main piece of fabric. Edge stitch.
14. Stitch the buttonholes and buttons.
15. Add pillow.
16. Button up!
