

## Appliqué Information:

1. The outline stitch will define where the appliqué fabric will be placed.
2. Cut the appliqué fabric at least 1 inch larger than the outline stitch.
3. Place the appliqué fabric, topside up, over outline stitch. Make sure the fabric covers the outline stitch. Spray adhesive will help hold the fabric in place.
4. Sew the tack down stitch. This running stitch will hold the appliqué fabric in place.
5. Carefully trim the fabric on the outside of the tack down line as close as possible to the stitches.
6. Stitch the remaining color changes of the design.
